

## SOURCES OF CRIMINALITY.

School Principals Point Out The Cause of Wickedness Among The Youth.

## MORE STRINGENT LAWS NEEDED

Salvation Army Worker and Supt. Christensen Give Their Views on The Proposition.

At yesterday afternoon's meeting of the principals of the city schools, the following sources of criminality among the young were mentioned: Vicious literature, indifferent home government, or no government at all, the allowance of minors in saloons, promiscuous violation of the city ordinances, on a partial enforcement of these ordinances by the city authorities, and insufficient facilities for punishment of youthful violators of the law. Principal Hallock urged, in his remarks, that the only remedy lies in the rigid enforcement of the law, and held that the passage of ordinances that are not enforced, is a farcical—a play to the galleries. He favored more stringent laws that would compel attendance on the schools, and allow of guardianship among the lower classes, as there are boys who conduct schools of crime on the streets, and these should either be sent to the public school or the reform school. Moreover, the use of tobacco and liquor among the boys ruined many of them physically before reaching manhood. Children should be kept off the streets after dark, and newsboys should have their hours of work circumscribed.

Mr. Wood of the Salvation army called attention to the fact that there is a place where youths can be placed when arrested for minor offenses, and for that reason he approved of the police justices not dealing out the punishment of imprisonment. He said that the juvenile criminality is more extended in Salt Lake than in any other place he knew of. Mr. Wood recommended magazine and periodical reading as preferable to books found in libraries, and claimed that if there was a public library established in this city, it would operate as an intermediate place between the public school and the reform school. Superintendent Christensen thought this latter was at present out of the question for financial reasons. He then blamed the parties for the increase of bad boys, who returned verdicts of not guilty, when it was perfectly apparent that the accused were guilty as charged. Moreover, the unpunished violation of the laws was bringing the city into contempt, as was illustrated by the impunity with which boys entered saloons, and violated the curfew, bicycle and driving ordinances. Further than that, boys aged seven and nine had been sent to boxing in the prize fights where immediately a genuine fight was pulled off. Mr. Christensen further called attention to the reading of vicious literature as an inspiration to crime, and that the surroundings of the state industrial school was preferable to the homes of many children. Simple resolutions will be introduced at the next meeting of the principals.

## SOME CRYING EVILS.

A Parent Points Out Several Deplorable Facts for Police Attention.

Editor of the "News": It is certainly gratifying to all lovers of law, order, and public decency to note the stand that the teachers of Salt Lake are taking in the matter of the morals of the young. The plain truth is that conditions here are deplorable and I believe that a large part of the trouble is the attitude of the police, who are either personally indifferent or are not held to account as they should be by their superiors. It is something that every citizen ought to blush over to see the impunity with which prize fights are arranged, advertised, and "pulled off" in this city. Many large cities in the east, reputed to be much "wicked" than Salt Lake, would not allow such an event as that which took place at the Salt Palace theater on Tuesday evening. Thinly disguised as "scientific sparring exhibitions," every one knows, and the price of admission charged shows it, that they are simply prize fights, nothing more or less; brutalizing and degrading not only upon the participants but in their effects upon spectators. That no children should be allowed among the spectators is a matter of astonishment.

Another evil that the police might well look into is the wholesale spring and expectorating that goes on daily on the sidewalks of our streets in violation of the ordinances. If the police want them to watch the crowds of gallery boys that congregate on the streets of the Salt Lake Theater and in front of the Grand every night between the acts. The language going on, is so enough to shock the feelings of the most hardened. It is time for an awakening in Salt Lake on this and many other points, and I trust the public journals will not cease ventilating such subjects until the deadened conscience of our community is pricked into action.

## TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Commissioner Paddock of the Utah commission tendered his resignation to President Arthur.

The education bill, appropriating about \$30,000,000 for the national common school system, passed the senate.

TEN YEARS AGO TODAY.

The California contingent of Coxe's army, consisting of 1,000 men, started from Sacramento for Ogden.

The Home Dramatic club presented "The Silver King" at the Theater.

FIVE YEARS AGO TODAY.

The president was appealed to on behalf of the starving Porto Ricans. Statistics were given out by the war department, showing that where 5,777 American soldiers had died of disease, only 329 had met death in actual battle.

## GRADING EAST TEMPLE.

Work on Cut to Capitol Hill Grounds Has Begun—Street Car Extension.

Active work on the excavation of the cut to be made on north East Temple street for the new grade has been started. The work recommended by Engineer Kelsey contemplated a cut of the maximum depth of about 14 feet, with a fill which would reduce the heavy part of the Capitol hill grade to about 5 per cent in the main, there being only a very short distance in which the grade would reach 10 per cent.

The street car track will be extended to the Capitol hill grounds as soon as the work is completed, but property owners are not in harmony yet as to the details of the improvement, and a meeting will be held Saturday, with the city council committee having the matter in hand. The new city engineer will be present.

## "DO IT TODAY."

The time-worn injunction, "Never put off 'til to-morrow what you can do today," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years.

A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

G. G. GREEN, Woodbury, N. J.

## SIDEWALK EXTENSIONS.

Engineering Committee of the City Council Acts Favorably on Matter.

At the meeting of the city council committee on engineering last night the Commercial club recommendation in regard to sidewalk extensions in the eastern part of the city was considered and it was decided to instruct the city recorder to advertise notice of intention to construct sidewalks from Second to Seventh East streets and from Seventh South Temple and Fourth South streets. The sidewalks are to be of cement and six feet in width.

Members of the improvement committee of the Commercial club appeared before the sewer committee of the council in behalf of sewer extensions recommended by the club. It was decided to refer the matter of forcing sewer extensions and connections to the city engineer and city attorney for consideration.

The representative of the City Street Improvement company appeared before the municipal laws committee in regard to its petition for the payment of \$4,750, which was withheld by the city for failure of the company to complete the paving of South Temple street within contract time. The matter was referred to the city attorney, city engineer and the committee for further consideration at a meeting to be held Monday afternoon.

The Utah Independent Telephone company's protest against being compelled to pay one dollar for each pole erected on the streets of the city was considered by the municipal laws committee. The company pays the city

one per cent of its gross receipts as a tax for its franchise and it claims that having to pay for the privilege of erecting poles is a double taxation. The city attorney will look into the matter.

The application of E. P. Deal for a free peddler's license was turned down by the license committee upon a statement from License Collector Halverson to the effect that Deal is not physically disabled but is perfectly able to pay the license as he has two wagons out and also owns a store.

It was announced last night that the city engineer and the committee on streets will meet with the property owners on North East Temple street on Saturday afternoon at 2 o'clock, in the city council chamber to discuss the question of a grade to be established on that street.

## SERIOUSLY INJURED.

Two Miners Badly Hurt in an Explosion in the Daily Judge.

(Special to the "News.")

Park City, April 7.—An accident happened at the Daily Judge late yesterday afternoon by which two miners, F. J. Tamin and Peter Gribben, were badly injured, while a third, Peter Howarth, was also cut about the head and throat.

The men were working in what is known as the Scott drift on the 1,400-foot level and had been warned as they went to work that there were two mined holes. The warning caused them to be very careful but despite it all the holes were struck, with the result that there was a terrific explosion and Tamin and Gribben received the full force of the shots. The former was injured about the hands and head while the latter was struck in such a manner that it is feared he may lose the sight of both eyes. Howarth was not so badly injured.

Superintendent McSorley and a man named Williams were standing near at the time of the explosion, but neither was hurt beyond receiving a bad shock. The injured men were at once taken to the hospital, where they are being tenderly cared for.

## Catarrh and Hay Fever.

Liquid Cream Balm is becoming quite as popular in many localities as Ely's Cream Balm solid. It is prepared for use in atomizers, and is highly prized by those who have been accustomed to call upon physicians for such a treatment. Many physicians are using and prescribing it. All the medicinal properties of the celebrated Cream Balm are contained in the Liquid form, which is 75c, including a spraying tube. All druggists, or by mail, Ely Brothers, 56 Warren St., New York.

## CHURCH NOTICES.

### Relief Society Meeting.

The officers of the Relief Society of the Liberty stake will hold a meeting in the annex of the Second ward meetinghouse, on Seventh South between Fourth and Fifth East, Saturday April 9, at 2 p. m. It is earnestly desired that every officer be present.

ANNIE S. MUSSER, ZERVIAH EARDLEY, MARY E. HODGSON.

### Eastern States Mission.

All the Elders who have labored in the Eastern States mission are requested to meet at room No. 24 Brigham Young Memorial building, L. D. S. university, on Wednesday, April 6, at 12:30 p. m. Important business.

## PREPARING FOR THE CONVENTION.

Republican State Committee Arranging Matters at Meeting This Afternoon.

## NAMES OF TEMPORARY OFFICERS

Glasman and Hull for Chairman and Secretary Respectively—Probable Delegates to Chicago.

The Republican state committee is in session this afternoon arranging matters for the state convention tomorrow. The meeting is for the purpose of deciding on a temporary organization and at this writing it seems practically certain that the honor of temporary chairman will fall upon Mayor William Glasman of Ogden, while the secretaryship will go to Hon. Thomas Hull of Salt Lake.

The convention tomorrow will elect six delegates and a like number of alternates to the National Republican convention to be held in Chicago during the summer. The meeting will open in the Salt Lake Theater at 10 a. m., and continue during the day until such time as all necessary business has been disposed of. After the call to order by State Chairman James H. Anderson, the call will be read by Secretary Tom Pitt, after which there will be a short address by the state chairman, who will later introduce the temporary officers of the convention.

THEATER DECORATIONS.

The Theater will be decorated for the occasion under the direction of Mr. C. V. Anderson. The decorations will consist of a large United States flag made resplendent with electric lights, the state coat of arms, the American eagle, the Lincoln Memorial, Grant, Garfield, Lincoln, McKinley and Roosevelt, a profusion of flags and bunting around the balcony and the familiar motto, "Republican Administration, Protection, Prosperity and Prestige."

SEATING ARRANGEMENTS.

The convention will be made up of 400 delegates, nearly all of whom are in the city. These will occupy the body of the hall, while seated on the stage will be the officers and members of the state committee, county chairmen, state officers, past and present, and ladies, congressional delegation and other prominent Republicans. The balcony will be thrown open to the public, who will be admitted without tickets.

NEXT STATE CONVENTION.

At the meeting this afternoon the matter of the next state convention was under consideration, the place, time and apportionment of delegates to be decided upon. The convention will doubtless be held in September, but whether in Logan, Provo, Salt Lake or Ogden, is not certain, as all four are in the race for the honor.

PROBABLE DELEGATES.

While there is considerable speculation as to who will be named as delegates to the national convention, it looks now as though the delegation will be made up of H. Bullen, Jr., Cache; John H. Seeley, Sanpete; George Sutherland and James H. Anderson, Salt Lake; C. E. Loose, Utah, and either Glasman, Shurtliff or Hollingsworth, Weber. The alternates will likely include B. H. Jones of Brigham City and C. E. Marks of Salt Lake. For the others the field is wide open.

## Tragedy Averted.

"Just in the nick of time out little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was cured. He's now sound and well. Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Z. C. M. I. Drug Store. Price 50c and \$1.00. Trial bottles free.

## MEETING OF SOCIALISTS.

Sixteen Counties Represented and Delegates to Convention Named.

The Socialists of the state—of the warring factions, at least—met in state convention yesterday at Federation hall. Sixteen counties were represented. William Bogart of Murray was elected chairman and H. C. Olsen of Logan secretary. State Secretary E. S. Lund of Lehi was present, although he leads the other faction, and a demand was made upon him for a report and his books. He refused, on the ground that the convention could not legally be called without his approval. Steps were taken to patch up the trouble between the state organization and the national committee, which revoked the state charter because of a debt of \$86. The money was raised yesterday and will be tendered in exchange for the charter. Charles E. Randall was elected a delegate to the national convention at Chicago and the following state committee was chosen:

Salt Lake county—H. P. Burt, Peter Johnson, O. E. Parson.

Weber—Joseph McLaughlin, Grant Syphers.

Utah—George B. Hobbs, A. L. Porter, Summit—Joseph P. Langford, O. T. Johnson.

Utah—Joseph Hand, Joseph Brimhall, Sanpete—Oscar Lee, C. Peterson.

Tooele—George Urie.

Boxelder—William Harris.

Wasatch—P. Luke.

Cache—C. C. Goodwin.

Wayne—Dr. W. H. Schock.

Sevier—Abram Sorenson.

Carleton—Amos Hawkins.

Uintah—Mrs. A. V. Taylor.

Plute—Del Webb.

## POLITICAL STRAWS.

The senate has passed Senator Clark's bill, appropriating \$5,000 to be paid to Richard King of Evanston, Wyo., for injuries received through the carelessness of a soldier of the Ninth infantry, near Ft. Deane, who mistook the man at a distance for an Antelope and shot him.

Senator Kearns' bill, appropriating \$10,000 to build a statue to Commodore John Barry at Washington, D. C., has been favorably reported by the committee on library.

H. Bullen, Jr., Republican state committee man from Cache county, is here from Logan to attend the convention tomorrow.

Utah Democrats will celebrate the birthday of Thomas Jefferson next Wednesday, April 13, at the Ladies' Literary club. The meeting will consist of music and speeches and a general reception. It is under the direction of the Women's Democratic club.

## SHE REGAINED PERFECT HEALTH.

(Mrs. Redding Had Suffered With Female Weakness and Nervousness. Pe-ru-na Cured Her.)

MRS. LIZZIE REDDING.

SPRINGTIME IS VERY DEPRESSING TO THOSE SUFFERING WITH PELVIC CATARRH. RID YOURSELF OF CATARRH BEFORE WARM WEATHER SETS IN.

Mrs. Lizzie Redding, 8134 B Clifton Place, St. Louis, Mo., writes: "I found, after trying many different medicines to restore me to health, that Peru-na was the only thing which could be depended upon. I began taking it when I was in a decline, induced by female weakness and overwrought nerves. I began to feel stronger during the first week I took Peru-na and my health improved daily until now I am in perfect health and enjoy life as I never did before."—Mrs. Lizzie Redding.

WE are in receipt of thousands of letters every spring from women who have suffered from some form of female weakness, but have been cured by Peru-na. Many of them have given the doctors a thorough trial. They have taken medicines, submitted to examinations, undergone operations, and done everything the doctors wished them to do. In spite of the doctors' advice, they at last concluded to give Peru-na a trial. Their decision to use Peru-na very frequently occurs in the spring. The reason for this is that springtime is very depressing to this class of sufferers. Women suffering from female difficulties will often get through the winter very well but when spring lassitude is added to their other ailment, they break down and are obliged to do something to avert a fatal calamity.

It is safe to say that Peru-na has cured more cases of this sort, and has rescued more people from the sufferings of spring prostration than all other remedies combined.

If you do not receive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Keith-O'Brien Co. wish to direct your attention to their Carpet Section which is now replete with new weaves. Very reasonable prices prevail.

Rugs, Metal Beds, Draperies, House Furnishings and Kitchen Utensils.
